Sir,

I have the honour to invite a reference to paragraph 3 of your letter No. 203-I/26, dated the 4th March 1927 and to forward a statement showing how a sum of Rs.38,287/- out of Rs.39,260/- sanctioned by the Government of India on account of expansion of Education in Bangalore has been transferred to various sub and detailed heads under which the expenditure will be incurred.

2. The recurring expenditure of Rs.1,560/- for 1927-28 sanctioned by the Government of India for the employment of additional teachers in the Government Training School, Bangalore, includes a provision of Rs.360/- on account of the pay of a Music Teacher at Rs.30/- per mensem. Sir,

I have the honour to enclose herewith a copy of letter No.2303/Edn, dated 17th October 1927 of the Government of India, Department of Education, Health & Lands communicated in Government of India, Finance Department Endt. No.6262-Ex.II/27, dated 20-10-27 regarding the five-year programme for the expansion of Education in minor Provinces and to request that the procedure therein indicated may kindly be followed as regards the expenditure in Bangalore.

SHN.

Copy of a letter from the Secretary to the Government of India, Department of Education, Health & Lands to All Local Administrations (Except Coorg), No. 2303/Edn. dated the 17th October 1927.

SUBJECT:-FIVE-YEAR PROGRAMME FOR THE EXPANSION OF EDUCATION IN MINOR PROVINCES.

In continuation of this Department *letter No. 470-Edn. @Endt. No. 471-Edn. dated the 28th March 1927, I am directed to say that the Government of India understand that there will be savings in certain minor provinces in the allotments made for the five years programme for the expansion of education in those provinces, and they consider it desirable to keep a record of all such savings so that other desirable educational schemes may be proceeded with instead if necessity for them can be established. I am accordingly to request -

* N.W.F.P.,
@ Delhi, Beluchistan and Ajmer-Merwara.

i) that the Government of India may kindly be kept informed of:
   (a) any item of the programme that may be given up by the local Administration;
   (b) the saving that may accrue as a result of the giving up of that item;
   (c) whether the saving will be recurring, or only for one year or so;
   (d) the proposal, if any, for the utilisation of that saving;

(ii) that any savings which may accrue from the allotments made for the five year educational programme, and which the local Administration may not desire to utilise as in (d) above, may kindly be surrendered at once to the Government of India through this Dept.

2. The Government of India have observed that one of the local Administrations proposed to divert a certain amount out of the allotment made for the five year educational programme towards another object non-education in character. They are, as a general rule, opposed to the diversion of funds provided for this programme towards other objects, and consider that it is important that the funds thus allotted should not be diverted by the local Administration, under its own powers of re-appropriation, towards other objects. Should the local Administration, however, desire to divert any portion of the allotment made for the five year educational programme towards other objects, the sanction of the Government of India should be obtained before this is done.

3.

3. The Government of India further desire to emphasise that their intention in framing the five year programme for the expansion of education in minor provinces was that the programme should be a complete & fixed programme for that period, and that it should not be liable to extensive alterations or to additions Should there be any further scheme, which the local Administration considers to be essential; that scheme should be fitted into the existing programme if it is desired to proceed with it.

4. The orders conveyed in this letter are not intended to supersede in any way those conveyed in this department letter No.740-Edn dated the 28th March 1927. The alterations that may be made by the local Administration in the five year programme in consonance with the authority accorded to it in this Department letter dated the 28th March 1927 cited above, should therfore not be submitted to the Government of India.

Government of India.

Department of Education, Health and Lands.

From

A. R. Dalal, Esquire,

Offg. Secretary to the Government of India,

To

All Local Administrations (Except Coorg).

Five year programme for the expansion of education in minor provinces.

Sir,

In continuation of this Department letter/endorsement No. 470-Edn. dated the 28th March 1927, I am directed to say that 471-Edn. the Government of India understand that there will be savings in certain minor provinces in the allotments made for the five year programme for the expansion of education in those provinces, and they consider it desirable to keep a record of all such savings so that other desirable educational schemes may be proceeded with instead if necessity for them can be established. I am accordingly to request -

(i) that the Government of India may kindly be kept informed of :-

(a) any item of the programme that may be given up by the local Administration;

(b) the saving that may accrue as a result of the giving up of that item;

(c) whether the saving will be recurring, or only for one year or so;

(d) the proposal, if any, for the utilisation of that saving;

(ii) that any savings which may accrue from the allotments made for the five year educational programme, and which the local Administration may not desire to utilise as in (d) above, may kindly be surrendered at once to the Government of India through

* N.W.F.P. & Delhi, Baluchistan and Ajmer-Merwara.

through this Department.

2. The Government of India have observed that one of the local Administrations proposed to divert a certain amount out of the allotment made for the five year educational programme towards another object non-educational in character. They are, as a general rule, opposed to the diversion of funds provided for this programme towards other objects, and consider that it is important that the funds thus allotted should not be diverted by the local Administration, under its own powers of re-appropriation, towards other objects. Should the local Administration, however, desire to divert any portion of the allotment made for the five year educational programme towards other objects, the sanction of the Government of India should be obtained before this is done.

3. The Government of India further desire to emphasise that their intention in framing the five year programme for the expansion of education in minor provinces was that the programme should be a complete and fixed programme for that period, and that it should not be liable to extensive alterations, or to additions. Should there be any further scheme, which the local Administration considers to be essential, that scheme should be fitted into the existing programme if it is desired to proceed with it.

In this connection attention is invited to my letter No.10830/328-06, dated the 25th October 1927, in which the Government of India have been - asked to include the additional boarding grant of Rs.16,500/- in their 5 years' programme and sanction an - additional grant of Rs.16,500/- per annum for the next four years from 1928-29 to 1931-32 from Central - - Revenues.

4. In the For. and Pol. Department's Memo. In the circumstances I request that an additional allotment of Rs.2000/- may be provided for the purpose.

U.O. No. 182 dated 17th November 1927.

Two comparative statements of tenders received for the work of constructing the Blackpally Training School and Quarters for the Secretary to the Resident are put up herewith with the original tenders. The lowest tenders for the school work is from two persons, Messrs.Lewis and Manicka Mudaliar and K. Muninanjappa, Contractors for Rs.18,500/- and I recommend the tender of K. Muninanjappa contractor for acceptance as he is a man of means, has a good command of labour and thoroughly understands building work. He carried out the special repairs to the Residency before the last Viceregal visit in record time and to my entire satisfaction. Messrs. Lewis and Manickam are also contractors of means but do not understand building work as well as the other contractor and are slow in carrying out work. They recently carried out the re- building work of St. Mark's Church under the Garrison Engineer.

The lowest tender for constructing the Secretary's quarters is from Messrs. Lewis and Manicka Mudaliar for Rs.28,170/- and the next lowest is from K. Muninanjappa contractor for Rs.29,200/- and for reasons mentioned above I recommend the acceptance of K. Muninanjappa contractor's tender.

The Municipal Executive Engineer states that Rs.10,000/- can be spent during the current year provided that sanction is received early. Therefore a sum of Rs.1,000/- available out of the allotment of Rs.11,000/- provided for the above work has been retransferred to the head "G.4" and surrendered to the Government of India. This amount may kindly be provided for in the Bangalore budget estimates for 1928-29 under the head "Account II - Education - E - Special - Government Special Schools - E.2 - Other - charges".

15.10.27

Pay & Accounts Office,
Bangalore dated 25th October 27

The recurring expenditure of Rs.1,560 for 1927-28 sanctioned by the Government of India for the employment of additional teachers in the Government Training School, Bangalore includes a provision of Rs.360 on account of a Music teacher at Rs.30/- p.m. As provision on this account has already been included under the sub-head 'E Special- Govt. Special Schools- E 1 Pay of Estt. - Temperary Estt." no re-appropriation is necessary - therefor. Again, the Graduate assistant on Rs.100-5-150-10-250 was entertained with effect from 5-9-1927 only. The extra cost that will be included during the current year under the sub head E 1 Pay of Establishment will therefore amount to Rs.586-11-0 only. It is sufficient therefore if a re-appropriation of Rs.587/- is made to this sub head instead of Rs.1,560 as proposed. The balance of Rs.973/- should be surrendered to the Govt. of India as it is not available for re-appropriation for other purposes, the lump provision of Rs.39,260/- having been made for a specific object.

The other re-appropritations are in order and may be sanctioned by the Hon'ble the Resident under rule 67 of the Book of Financial Powers.

Please see paras 248, 249-A and 450 of the P.W.D Code. It appears that permission may be accorded to call for tenders in respect of items 1 and 2 referred to in the P. W. C. Necessary provision exists for the purpose in the current year's Assigned Tract and Residency budget estimates.

As regards item 3 it appears that under para 249-A - III of the P. W. D. Code the Executive Engineer cannot be permitted to call for tenders as the scheme has not yet been administratively approved by the Govt: of India and no provision exists for the purpose in the current year's Assigned Tract budget estimates. Necessary provision has been made in the budget estimates for 1928-29 and it is not known whether the Govt: of India will include the amount in the next year's budget estimates.

Please see paragraph 1 item 5 of Sl.11/83-26, and the office notes in paragraph 19.

The Hon'ble the Resident has been empowered to accord administrative approval ~~of~~ 5 public works up to a limit of Rs.20,000/- excluding establishment tools and plant charges and Rs.25,000/- including such charges - Vide paragraph 2 of S.2/124-1911. The estimate submitted by the Municipal Executive Engineer for constructing a Training School amounts to Rs.21,876/- as shown below:-

	Rs.
(1) Cost of the work.	19,445
(2) 12½% Supervision charges.	2,431
	21,876

The estimated cost of the compound wall and latrine which are necessary adjuncts to the Training School has not been given and may amount to more than Rs.1,000/-. Therefore the total cost of the work excluding establishment charges may amount to more than Rs.20,000/-. It appears therefore that the administrative approval of the Government of India is necessary to the proposal.

Further the Resident has not yet been empowered to accord technical sanction.

If approved the proposal may be submitted to the Government of India for administrative approval and technical sanction. Two drafts submitted for approval.
